

10 September 1951

MEMORANDUM FOR THE RECORD

RE:

STATINTL

As a result of a call from Mr. Saunders, the undersigned called the office of Mrs. Wicksware in the Bureau of Supplies and Accounts of Navy, Extension 42060. In her absence, the matter was discussed with Miss Bartlett, who was entirely familiar with case.

STATINTL

The case has not been received by BUSA from the Cleveland Office. Apparently the principal problem at this time is for the Navy to cope with the numerous telephone calls from querying various aspects of his retired pay. Apparently Mrs. Wicksware and Miss Bartlett are generally in the same section as Commander Lindsay, with whom the case had been discussed previously. It appears nothing need be done until the case is received from Cleveland here in Washington, at which time CIA will be notified.
